

ARIZONA SILVER BELT.

VOLUME XXVII. No. 24.

GLOBE, GILA COUNTY, ARIZONA, THURSDAY, OCTOBER 13, 1904.

Established 1878

MARK SMITH AT PRESCOTT

Court Room too Small to Hold
Vast Crowd Assembled
to Hear Him

GREAT DEMOCRATIC RALLY

Present Attitude and Fixed Policy of
the Republican Party With Refer-
ence to Joint Statehood Bill,
Wilson's Effective Speech

A Prescott special of Oct. 11, to the
Phoenix Enterprise says:

"The Hon. Marcus A. Smith, demo-
cratic nominee for delegate to con-
gress, was tonight unable to address
more than one-third of the vast as-
sembly which applied for admission to
the advertised democratic rally held
at the Prescott court house. Every
seat and available inch of standing
room was taken up before 7:45 o'clock.

E. E. Ellinwood, chairman of the
territorial democratic central commit-
tee, introduced Mr. Smith, and the
candidate was given a most hearty and
enthusiastic reception. Mr. Smith then
spoke for one hour, reviewing the present
attitude and fixed policy of the re-
publican national party with refer-
ence to Arizona and the joint state-
hood bill, and said that the territory
could expect nothing at the hands of
President Roosevelt and his powerful
political friends, who were unalterably
committed to joint statehood.

Congressman J. F. Wilson was next
introduced, and the warm reception
which was accorded him at the hands
of those present could leave no possi-
ble doubt as to the esteem in which
he and his party are held by Arizon-
ans. Mr. Wilson brought this meet-
ing to a fitting close by a most elo-
quent, logical and terse summing up
of the political situation, showing in
no uncertain manner that Arizona's
needs could only be subserved by re-
turning Marcus A. Smith to congress.

MR. STONEMAN'S OBJECTIONS

Strong Criticism of P. K. Hickey's
"Expert" Report

George J. Stoneman has addressed a
letter to P. K. Hickey, of Phoenix,
the valuable accountant, who furnished
so much copy for this week's SILVER
BELT, from which we make the fol-
lowing excerpts:

"Sir: On the evening of the 4th of
October, 1904, you suggested that I
write you a letter calling your attention
to such portions of the report
which you filed on that day with the
board of supervisors of Gila county,
which in my judgement appeared ob-
jectionable.

"At that time I specifically asked
if there appeared anywhere upon the
records and books of Mr. H. C. Hitch-
cock, present county treasurer, any
showing of payments of money hav-
ing been made to George R. Hill, pre-
sent district attorney, such payments
having been made in advance of salary
earned and without a warrant; whether
any showing appeared to the same
effect with reference to Lyman C.
Woods, David Dayore or J. G. Old-
field, members of the board of super-
visors. At that time you specifically
answered these questions by saying
that no record of such showing ap-
peared, repeating your too oft ex-
pressed statements that you only
wanted to be fair and just, and stat-
ing that if such showing had appeared,
in this, or other names, you would
have mentioned same in your report;
that in so far as your knowledge apart
from the records led you to believe,
no such advances had in fact ever
been made to the present members of
the county administration. [Mr.
Stoneman here charges that when
Mr. Hickey made the above state-
ments he knew they were false.]

"Mr. Hitchcock, present county
treasurer, authorizes me to say that
not once, but many times during your
investigation, you called his atten-
tion to the fact that he had been
making advances to different county
officers; that long prior to the filing
of your report on the 4th day of Oc-
tober, 1904, your attention was espe-
cially directed to page 52 of the cash
book, where a charge appears against
L. C. Woods, such charges showing that
a payment had been on that date
made to Mr. Woods of \$175, during
the month of March, 1904, and being
the full amount which would have
been made Mr. Woods had he waited
until the expiration of the first quar-
ter of 1904.

"That your attention was at that
time called to an entry showing that
on the 16th day of July, 1904, George

R. Hill, district attorney of Gila
county, had drawn the sum of \$20
from the county treasury without the
issuance thereof of a warrant. That
during your alleged investigation,
you were told that the remaining
members of the board of supervisors
had during the month of December,
1903, paid their respective taxes for
that year by causing the treasurer to
enter against their names as paid upon
the tax roll, the full amount of their
taxes for that year, and subsequently
reimbursed the treasurer for such pay-
ments out of the warrants issued to
them in the month of January, 1904,
in payment for their services as mem-
bers of the board for the last quarter
of 1903. That you called the atten-
tion of Mr. Chas. T. Martin to these
facts last above mentioned, and show-
ed him the entries upon the treasur-
er's books substantiating them. That
you, yourself, drew from the county
treasury the sum of \$600 without a
warrant and upon the order of Lyman
C. Woods, chairman of the board of
supervisors.

"All these things I charge you with
knowing at the time you stated to me
that you did not know them, and of
knowingly and intentionally excluding
mention of them in that portion of
your report above referred to, wherein
you make a comparison of the records
of Mr. Hill and Mr. Woods, basing
your approval of the conduct of the
first named upon the false statement
that he at least had not drawn money
without a warrant, and your approval
of the latter upon the implied false
statement that he also had drawn no
money in advance of his salary.

"You doubtless have your own reas-
ons for using the time for which you
were paid a portion at least of \$672.50
of the county money for the purpose
of advising the voters of Gila county
to retain in office these gentlemen. Is
it true that the same reasons prompt-
ed you to conceal the truth and falsify
the facts concerning them?"

Messrs. Towle & Fitzgerald, of Bos-
ton, have just issued the eighth edi-
tion of their very useful and conveni-
ently arranged pamphlet, giving a
list of the dividend paying stocks, to-
gether with the market prices for the
same on Sept. 15, and the yield per-
cent. The pamphlet is one that is ex-
tremely useful for reference purposes,
and can be had by addressing Messrs.
Towle & Fitzgerald.

Samuel A. Haught, of Rye, the can-
didate of the democratic party of Gila
county, for representative, is one
of the old and highly es-
teemed citizens of his section. Mr.
Haught would, we are satisfied, con-
scientiously represent the interests of
Gila county in the legislature, and he
should receive the earnest support of
his party.

E. Duryee, cement expert for the
Salt river dam, returned from Los
Angeles last night, accompanied by
his wife. They went to Roosevelt to-
day.

I. M. Christy, territorial bank ex-
aminer, visited Globe this week in his
official capacity.

PRESIDENT C. S. SMITH TALKS OF OLD DOMINION

President Smith, of the Old Domini-
on Mining company is very much
pleased with the advice that he is
now getting from the property. His
latest dispatch tells that the furnace
at the new smelter recently started up
is thus far running very smoothly.
He expects to receive word now at
any time that a second stock has been
blown in. The production for the
month of September will be about the
same as that for August—750,000
pounds—but the same has been sold at
a better price, and the actual returns
to the company will be relatively sat-
isfactory, considering that it has been
operating on what is practically a
half-capacity basis.

It would naturally be expected that
new furnaces would encounter some
troubles in their early operation, but
Mr. Smith says that exceptional care
has been taken in the construction of
the new smelter to avoid this difficul-
ty and he looks to see everything con-
tinue to run satisfactorily from now
on. He believes that the production
of the mine can be brought up easily
to 2,000,000 pounds before the end of
the current year and is aiming to se-
cure an output of 3,000,000 pounds per
month or better during the coming
year—something that can be easily
obtained with the two stacks working
regularly, and indeed it can even be
exceeded when the third stack is
blown in. Mr. Smith is planning for
a trip to the mine early in November
and expects while he is there to se-
cure further economies in operation.
He is not inclined to say much about
a dividend distribution at present, but
there is every reason to believe that
the stock can be placed on a dividend-
paying basis some time next year.—
Boston Journal.

J. H. Thompson is in receipt of a
letter from A. H. Morehead, written
at Long Beach, Cal. In explanation
of his departure from the territory,
Mr. Morehead states that he had fully
intended going to Cananea to arrange
a matter of business, and was to stop
first at Tucson to get transportation.
En route from Bowie to Tucson, a
violent jarring of the cars threw him
against the corner of a seat, which in-
jured him seriously, an old rupture be-
ing thereby greatly aggravated. In
such a plight, Mr. Morehead conclu-
ded that the best thing he could do was
to go direct to Long Beach, where his
wife was and where he could have his
injury treated by a physician who had
formerly attended him and under-
stood his case. Upon Mr. Morehead's
arrival at Long Beach, this physician
was summoned, and upon discovering
the gravity of the case, the latter
called an expert in consultation. After
a careful examination they de-
cided that an operation would very
likely prove fatal, and informed Mr.
Morehead that they could do nothing
that would afford him permanent re-
lief, and that complete quite was nec-
essary to prolong his life. Mr. More-
head hopes to be able to return to
Globe before the election.

TERRITORIAL AND GENERAL

General Manager Chittenden, of the
Saddle Mountain Mining company, is
fitting up the old copper smelter at
the San Carlos group and putting it in
order for immediate operation. It is a
40-ton water jacket and was installed
at the San Carlos group by Professor
Douglas some years ago, when that
property was on the reservation. The
government ordered it closed down,
and it remained idle up to the present
time. Mr. Chittenden succeeded in
having the reservation lines changed
so as to leave the San Carlos group
outside of the reserve. The smelter
will be started inside of a few weeks.
—Florence Blade.

It will be generally admitted, we
think, that the office of treasurer is
one of the most important of all the
county offices, and those who are in-
terested in the welfare of the county
should support the candidate for treas-
urer who is best qualified by his re-
cord for integrity and as a business
man to discharge the duties of that
office. W. W. Brookner, the demo-
cratic nominee, has been a resident of
Globe for more than twenty-two years,
all of that time engaged in mercantile
pursuits, and by his energy, integrity
and ability has become one of the most
progressive business men of Globe,
and president of the W. W. Brookner
Co. Mr. Brookner has won his way
to the front upon his merits, and in
nominating him for county treasurer,
we think the democratic convention
acted wisely.

We are informed by Jas. H. Pascoe,
and also by letter from Rev. J. H.
Deniston, that the Rev. R. I. McKee,
appointed at the recent M. E. con-
ference held at Prescott, to take charge
as pastor of the church here, is a gen-
tleman of high ability, and is leaving
one of the foremost churches in Pitts-
burg, Penn., to come to Globe, giving
up a pleasant charge and an \$1800 sal-
ary because of his wife's poor health
there, and the hope that she will be
benefited by the Arizona climate.
Rev. McKee and wife are expected to
arrive here within a few days, possi-
bly before Sunday next. In this con-
nection, Rev. Deniston adds that the
bishops have arranged for him to
transfer to the Pittsburgh conference,
in exchange with Rev. McKee, and
that he expects to be in Pittsburgh
next year.

Referring to the contention between
the cattlemen of northern Gila county
and the owners of trespassing sheep
from the counties on the north, and
the efforts to restrict the semi-annual
incursions of these sheep through the
cattle ranges of the Tonto country,
we want to call attention to the fact
that no member of the Nineteenth
and Twentieth legislatures made a
better fight in the interest of the in-
jured cattle owners than did Gila
county's councilman, Geo. W. P. Hunt.
While the legislation sought for the
protection of the cattle interest was
not secured, that fact does not detract
from Mr. Hunt's good work, and had
there been a few more members of the
legislature possessed of his ability
and energy, the result might have
been different.

Miss Fannie M. Fiske returned last
night from St. Louis, where she spent
a full month seeing the great fair and
visiting points of interest in the city
and vicinity. She was fortunate in
meeting agreeable people, and her
stay in St. Louis was so pleasant that
she left there with some reluctance.

Louis C. Hill, engineer in charge of
construction of the Salt river irriga-
tion works, accompanied by his wife,
arrived last Saturday and left for
Roosevelt Monday morning.

LOCAL NEWS OF THE WEEK

A Budget of Interesting Items
Gathered for Silver
Belt Readers

DEMOCRATIC CANDIDATES

Deserving of the Support of the Party
Voters. Cashier A. G. Smith Sick
With Typhoid Fever at Clifton.
Heavy Freight Business

The G. V. & N. railroad is now
doing the heaviest freight and passen-
ger business in the history of the road,
six engines being in constant use,
four of them in moving freight trains.

Alonzo Bailey has been notified that
Mark Smith will be here to address
the people of Globe on political issues
on the evening of October 29. An ef-
fort is being made to have him give
two days to this county and to visit
Roosevelt.

R. R. Coleman, of the Arizona East-
ern states that there are about 400
men and fifty carts at work on the
rockwork in the Gila canyon in the
southern end of this county, and that
the work will be continued without
cessation toward San Carlos.

Democratic candidates will hold a
meeting at Pine on the evening of
October 19, and at Payson on the 21st
instant. The speakers announced are
Geo. J. Stoneman and Alonzo Bailey;
also, A. R. Edwards and other candi-
dates.

E. F. Kellner returned last night
from Solomonville, where he was
called in connection with his suit
against the Old Dominion Copper
Mining & Smelting company for an
accounting as commercial agent for
the company. The case was continued
for the term.

J. C. McClure, engineer of construc-
tion for the Southern Pacific branch
lines in Arizona, was here on Tues-
day. He is giving a good deal of at-
tention to the G. V., G. & N. railroad,
which is gradually being put in good
condition, but it will take many
months to complete the improvement
of the line as planned.

W. H. Harris, present foreman at
the Calumet & Arizona mine, and
formerly shift boss at the Old Dominion,
arrived last Sunday, intending to
spend several days visiting his
Globe friends, but much to their regret,
as well as to his own, he was recalled to
Bisbee by telegram and left Tuesday
morning.

Hinson Thomas is confined so closely
to the sheriff's office in the perform-
ance of his duties as deputy that he
has little time to give to his candi-
dacy for justice of the peace of Globe
precinct. Mr. Thomas is a very cap-
able man, and especially well fitted
for the office to which he aspires, and
there is reason to believe that he will
be strongly supported.

Norris & Rowe's big tented shows
are announced to give two per-
formances here on October 29. The
shows have been greatly enlarged
and improved since last year, and
seventeen cars will be brought to
Globe. J. C. Stewart, the advance
agent, was here on Tuesday arranging
for the performances, and the adver-
tising car will arrive within a day or
two.

J. K. Chilton and family, late resi-
dents of upper Salt river, stopped in
Globe Monday night, on their way to
Grant county, New Mexico, where
they expect to locate. Having be-
come well acquainted with Mr. Chil-
ton, and appreciating his good quali-
ties, we regret the departure of him-
self and family, but hope they will
find a desirable home in our sister ter-
ritory.

J. W. Brown returned last Saturday
from Florence, where he delivered to
the Lake Superior & Arizona Mining
company the two fine draft horses
purchased for them in the Gila valley.
He learned that the Phoenix & East-
ern railroad was completed to within
three miles of Dudleyville, and that a
crossing would be made at the latter
point and the railroad continued up
the Gila, instead of going to Benson,
as was at first proposed.

Mrs. G. S. Van Wagenen and Miss Susie
Van Wagenen returned last Friday
from Douglas, where they visited Mr.
and Mrs. W. A. Lucas. Miss Susie was
also absent for several months in the

east, having visited the world's fair,
Chicago, Madison and other places in
Wisconsin, after which, in company
with her grandmother, Mrs. Ramsdell,
she extended her trip to the Atlantic
coast, taking in Niagara, Toronto,
Canada, the New England states, Bos-
ton and New York, the trip having
been a most delightful one.

A communication was denied publi-
cation in the SILVER BELT this week,
because, in the opinion of the editor,
it contained unsupported charges and
uncalled for insinuations against a
candidate on the democratic ticket.
In this connection, we wish to state
that no one will be denied a hearing
in these columns when he is entitled
to it, and the communication is
couched in proper language and signed
by the name of the writer.

The attractive resort, "The Stag,"
Fitzsimmons & Abbott, proprietors,
opened its doors to the public on Mon-
day, although the remodeling and
furnishing of the building had not
been completed. When the elegant
bar outfit and receding front of highly
finished dark wood and plate glass ar-
rived last week, the bar counter was
found to have been broken, and an-
other had to be ordered, which will
not arrive for a week or ten days.

Virgil Starr, known here as Bert
Starr, was indicted by the Maricopa
county grand jury on Tuesday last on
the charge of child stealing. Judge
Kent announced that he desired to
take up the case of Starr first and in
all probability, says the Enterprise, it
will be set for Friday. It will be re-
membered that Starr is the man who
ran away with Maude Barker, a four-
teen-year old girl. The pair were cap-
tured in Tucson and taken back to
Phoenix.

Fred Golden was arrested on Tues-
day on the complaint of Mrs. Henri-
etta Gillespie, charging him with as-
sault with a deadly weapon, made last
Sunday at the Summit station restau-
rant, eighteen miles north of Globe.
Golden was given a hearing before
Justice G. O. Carico yesterday, and
was bound over in the sum of \$500 to
await the action of the grand jury.
Bail has not been furnished. There
are also other accusations of a grave
nature made against Golden, which
give the case a serious aspect.

J. G. Oldfield and W. C. Colcord,
candidates for supervisors on the de-
mocratic ticket, are both well known
and worthy citizens of Gila county.
Mr. Oldfield, who is a member of the
present board, although handicapped
by the opposition to him of the other
two members, has shown himself to
be a capable official, having, as we be-
lieve, the best interests of the county
at heart, and he should receive the in-
dorsement of the voters on November
8. Mr. Colcord, who is a resident of
Payson, is highly esteemed by his
neighbors and acquaintances and he is
entitled to the full support of his
party.

Judge and Mrs. P. C. Robertson
started on Sunday morning for the
northern part of the county, expect-
ing to be away for two weeks. The
judge, in his official capacity of coun-
ty school superintendent, expects to
visit the various school districts, and
at the same time present his claims
for re-election to the office of probate
judge, to the voters in the several pre-
cincts to be visited. Judge Robertson
has conducted the probate office and
performed the duties of county school
superintendent in a commendable
manner and no doubt the voters of
Gila county will show their apprecia-
tion of his services by re-electing
him.

E. P. Shanley, democratic nominee
for sheriff, and A. R. Edwards, for
district attorney, are at present mak-
ing a canvass of the northern pre-
cincts, and will no doubt meet with
much encouragement in those strong-
holds of democracy. They are both
well known to old residents of the
county, and should be able to present
their claims to the new voters, of
whom there are many, in a manner to
gain their support.

A. G. Smith, cashier of the Gila
Valley Bank & Trust company, soon
after his return to Clifton from Los
Angeles, was taken down with ty-
phoid fever and upon the advice of
the attending physician was removed
from his home to the hospital. E. B.
Grider, assistant cashier in the Globe
bank, received a letter this morning
from Mrs. Smith informing him of
her husband's illness, but stating,
however, that his condition had im-
proved and that he had probably
passed through the worst stage of his
sickness.

Justice C. C. Carico has been
troubled for several weeks with his
game leg, which has kept him pretty
closely indoors, although he has been
able to discharge his duties as local
magistrate with his accustomed
promptitude and good judgment.

THE UNO ANIMO GERMAN

A Delightful Party Given by Globe's
Well Known Club

The second annual german of the
Uno Animo club, given in Odd Fel-
lows' hall last Saturday night, was the
swellest function of the season. It
was led by R. E. Merritt, with Miss
Frank Kellner as a partner, in a grace-
ful and effective manner. There were
several very pretty figures, and others
that afforded no end of fun, while the
favors were quite appropriate. The
young ladies in attendance made up a
bevy of Arizona loveliness that would
be hard to match elsewhere, and many
of them were handsomely costumed.
The gentlemen appeared in conven-
tional evening dress.

The following couples participated:
R. E. Merritt and Miss Frank Kell-
ner; W. H. Butler, Miss Salzie Low-
thian; Harry Sultan, Miss Lulu Bol-
ton; D. R. Williamson, Miss Isoline
Coombs; George Sultan, Miss Georgie
Coffee; Grover Wright, Miss Maggie
Stanfield; Joe Stratton, Miss Emma
Scott; Robt. B. Reil, Miss May Cawley;
A. G. Pendleton, Miss Idres Heisel;
Tom Trevillian, Miss Nan Shanley;
Ben McNelly, Miss Ethel Patton; M.
L. Buxton, Katie Keim; Edgar Sultan,
Miss Sue Van Wagenen; J. H. Van
Wagenen, Miss Bessie Brookner; Mr.
and Mrs. W. G. Shanley; W. D. Fisk,
Mrs. Susie Cook; Tom McKevitt, Miss
Mollie Beach; Joe Crowley, Miss Ro-
villa Crampton; H. H. Bru and lady.
H. H. Pratt and Sam Traut, as special
guests, flocked together.

At midnight the guests sat down to
a most inviting repast prepared by
the ladies of the guild, and the hand-
some menu cards having been de-
signed, and the monogram at the head
executed in gold and purple, by Mrs.
G. S. VanWagenen. W. H. Butler
acted as toast-master, and many of
the responses were witty and apt.
Lack of space forbids more extended
mention.

The communication from M. J. Mc-
Lane, published in the SILVER BELT
of September 28, in which he asserts
his innocence of any criminal intent
in driving cattle which did not belong
to him, from Pinal county into this
county, and denying certain state-
ments made to the editor of the SIL-
VER BELT by Ranger W. J. Sparks
and published in a former issue of this
paper, are taken exceptions to by Mr.
Sparks and by Inspector John Brana-
man, who declare that several of Mc-
Lane's statements are false. Our col-
umns are open to them if they wish to
reply to McLane's communication.

Bennett and Mitchell's cabin below
town was looted last Saturday night
of about everything of value, while
the owners of the property were on
shift. The stolen property consisted
of a band clarinet rig valued at \$100;
two \$10 gold pieces, engraved, belong-
ing to Bennett; two English half-sov-
ereigns, and all the clothing. A large
reward will be paid for the apprehen-
sion of the thieves.

Superintendent of the Rice Indian
school, R. A. Cochran and his wife,
were here on Tuesday, the guests of
Mr. and Mrs. A. M. Beal. They will
soon leave for Michigan. Mr. Cochran
having been transferred to a larger
institution for the education of In-
dians, located near Detroit.

Dr. L. D. Ricketts returned Sunday
evening from a business trip to Bis-
bee and Douglas. He states that the
Douglas smelter is now doing satis-
factory work, turning out an average
of 94 tons of copper per day.

G. H. White has returned to Globe
and purchased the Owl barber shop.
Any work in his line is guaranteed
first class. Baths in connection. Your
patronage solicited.

Charles D. Eckstein was found dead
in his room at 11 o'clock today. The
verdict of the coroner's jury was that
he died from natural causes. Funeral
will be held Friday afternoon.

The Old Dominion smelter contin-
ues to make a satisfactory output of
copper. A second stack will probably
be started next Saturday.

Emporium Cafe Under New Manage- ment.

A marked improvement in the Em-
porium cafe and short order house is
noticeable since Teddy Dawkins took
charge of it. His ability as a caterer
is so well known in Globe that little
need be said here.

Patrons will find the cooking and
service good at all times, and they are
assured of courteous treatment from
Teddy and his assistants. Improve-
ments to the premises are contemplat-
ed which will add to the satisfaction
of customers.

Mrs. Dawkins and sons are expect-
ed to return to Globe this evening,
and Teddy will have the valuable as-
sistance of his wife in the conduct of
the business.
